You can contact support by email: bizsocialetc@gmail.com or on Skype: smartvideocard

13. How do I find GGN You Tube videos?

14. What is the White Label System?

Our goal is to provide you the best customer support so that you can be proficient at using your cards.

What is the White Label System?

GGN is adding the Smart Video Card White Label System as a product that you will have the ability to sell to companies. With over 28 million U.S. businesses and over 100 million in the world, there is an unlimited potential for you to have corporate customers.

Think about it: only 1-3 % of the companies have mobile sites and still only 50% actually have websites. Then, over 60% of all searches are done on mobile devices and they are wanting unique and user friendly experiences.

With the White Label System, you can give that company the mobile experiences with the social media marketing that they so desperately need. Not want but NEED!
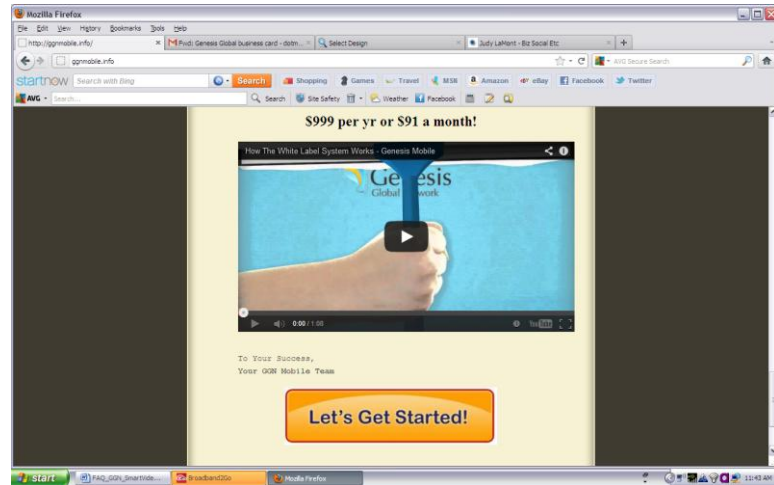

The solution is affordable and simple to get them started. Here is a summary and a video on how the White Label System works. You will also find the information on: http://ggnmobile.info.
